

DOCUMENT RECALL CCDC 2-1994

The CCDC 2 – 2008 is now the recognized construction document for the construction industry.

Years of hard work involving owners, architects, engineers, constructors, and many others has resulted in a truly comprehensive and inclusive document upon which to build a contractual relationship.

The OGCA, with the support of the OAA and CCA, is conducting a recall of any remaining CCDC 2-1994 seals which will be replaced free of charge with CCDC 2 – 2008 seals. Simply mail your remaining 1994 seals to the OGCA, and we will send you the 2008 seals.

The electronic version of the CCDC 2 – 2008 document is available for download from the CCDC.org website. If you have already purchased the 1994 electronic version, you can download the 2008 version free of charge using the original registration number you received with your purchase of the 1994 version. If you are using a photocopy of the 1994 document, please stop using it now. The 1994 version is no longer a legal document. If you need to purchase the 2008 version, please visit OGCA at www.ogca.ca “The Store”.
